HOUSE PASSES TONNAGE BILL

Vote on the Measure Is Decidedly Close.

BUT ONE MORE THAN NEEDED

Sixty-one Votes Cast in Favor of the Measure, While Sixty Were Necessary to Ensure Its Passage—House Passes Bill Allowing Incorporated Social Clubs to Sell Liquor Without a License.

St. Paul, March 18.—With sixty-one votes to its credit, just one more than needed, the tonnage tax bill introduced by Representative H. O. Bjorge of Lake Park, passed the house and now goes to the senate to be killed or become law as the case may be. The house sat in session from 1:30 until 7 o'clock in the evening listening to arguments for and against the bill. The members listened attentively all afternoon, which is something unusual when long speeches are made and when the vote was taken every member except one was present.

The bill in its present form classifies mines into two classes: Those which produce less than 20,000 tons during the season are left to be taxed on the old basis, while those which produce more are taxed 5 cents per ton on ore with 59 or more per cent of iron, 4 cents a ton for ore with 54 to 48 per cent of iron, 3 cents a ton on ore with 49 to 53 per cent of iron and 2 cents a ton on ore with less than 49 per cent of iron. This is for state purposes and is to be divided between the state school funds and the general revenue funds. The mines are to be taxed on the ad valorem basis as at present for local purposes.

Argument Before the House.

The argument before the house went over much of the ground covered in the hearings before the committee and some new ground. Mr. Bjorge, the author of the bill, contended that the state could not assess the mines fairly on the present basis

because the high freight rates on the ore made the ore worth less at the mine. He quoted the president of the steel corporation as saying that the ore was worth \$1 a ton in the ground and the steel corporation paid an average of 85 cents a ton for the ore in the Hill ore deal. On that basis, with a 40 per cent valuation, the ore should be assessed at \$512,000,000 instead of \$182,000,000 as at present. On the ad valorem basis the tax will decrease each year as the iron is being taken out. The tonnage basis will make the mines pay according to what they produce and he contended that the production is the best measure of their ability to pay. He also contended that the burden will fall either on the stockholders of the steel corporation or the consumers of iron and not on the people of St. Louis county.

The so-called club bill, authorizing social clubs to sell liquor without a license, passed the house, but it was so close that it was no fun for the friends of the bill. The bill got 60 votes and could not pass with less. When the roll was first called the bill got only 53 votes. O. F. Doyle came in and made it 59, and the sergeant-at-arms was sent to bring in G. W. Rodenberg to make it 60, but Rodenberg could not be found. Then Matt Fitzpatrick of Stewartville changed his vote from no to yes, which passed the bill. He said that he thought it ought to be limited to the three large cities, but since the bill was safeguarded he thought the measure would not hurt his town and he voted yes.

May Sell Liquor to Members.

The bill permits bona fide incorporated social clubs to sell liquor to members and their friends only, after getting a permit from the mayor, county attorney and city attorney. Clubs cannot exist in towns which have voted dry.

They must give \$5,000 bonds to insure that they will not sell liquor to minors, spendthrifts, habitual drunkards or others under ban of the law. These provisions are intended to prevent the organization of clubs for the purpose of evading the license and aid laws.

The Greene boxing bill, permitting six-round bouts in St. Paul, Minneapolis or Duluth, was passed by the house. The measure received 61 votes, 60 being necessary for passage. The bill had been on the calendar for a couple of weeks. The bill is now up to the senate.

Another bill of interest to sports was one introduced by Representatives Gartside, Grant, Wohlhuter and Virtue, permitting baseball games from 7 to 6 o'clock on Sunday provided they did not disturb the repose, peace and comfort of the community.

A new method of selling timber land is proposed in a bill introduced by Representative J. J. Opsahl of Bemidji. At present the timber is sold to be cut within a certain time and the land sold afterward.

His bill proposes to sell the timber and land to the same party. He believes that this will make the land taxable three years sooner and will also give the person who buys the timber a chance to hold it longer than three years if the market should change before he has cut it.

LIONS REPORTED PLENTIFUL

Prospect for Sport in Africa Said to Be Good.

Mombasa, British East Africa, March 18.—Interest in the prospect for good sport in the coming season, stimulated by the coming of Theodore Roosevelt, has brought detailed reports of the movements of game into Mombasa. Baron Tallyan de Vizen, a prominent Hungarian, who has just returned here from a hunting trip, reports splendid sport with hippopotami on the Upper Tana river and for the shooting of this game he recommends the district between the Athi and the Tana rivers. The eland,gnu and oryx stalking is perfect, with the exception that hunters of this game are constantly interfered with by unusually aggressive rhinoceri. Lions are plentiful, but with some exceptions they seem to be timid. A man named Smith, the leader of the party of Transvaal Boers who recently settled in the country, was carried into the hospital at Nairobi Tuesday, terribly mauled by a lioness. No black mane lions have been seen thus far this year.

The rains are late. They have begun to fall in the Nakuru district, but otherwise they are holding off. It is now certain that they will be heavy during the first part of Mr. Roosevelt's trip.

The Uganda commission hopes that Mr. Roosevelt will visit the big camp in Uganda, where natives suffering from the sleeping sickness are cared for. Governor Bell will offer Mr. Roosevelt the use of a trained elephant to facilitate travel through the country infested with the dangerous tsetse fly.

NEW TARIFF BILL IS PRESENTED

Payne Introduces the Measure in the House.

WILL INCREASE THE REVENUE

Estimated That It Will Swell the Receipts of the Government From Forty to Fifty Million Dollars—Contains Taft's Recommendations for an Inheritance Tax and That Tobacco and Sugar From the Philippines Be Admitted Free.

Washington, March 18.—The long expected tariff bill was presented to the house of representatives by Chairman Payne of the committee on ways and means, and referred. Until it is reported out of committee, which Mr. Payne said he hoped would be at an early day, the measure will not become official. According to a statement made by him upon the floor, he did not anticipate any committee changes. The Republicans manifested their pleasure at the introduction of the bill by vigorously applauding.

Downward revision, maximum and minimum provisions which impose an average maximum duty of 20 per cent in excess of the present tariff and numerous provisions by which it is estimated that the revenue to the government will be increased from \$40,000,000 to \$50,000,000 are the salient features of the new tariff bill. The recommendations made by President Taft that an inheritance tax be provided and that a limited amount of tobacco and sugar be admitted free from the Philippines are included in the bill. The measure also provides for the issuance of Panama canal bonds to the amount of \$10,000,000 to reimburse the treasury for the original purchase of the canal and re-enacts the provision for the issue of treasury certificates, the amount being increased from \$100,000,000 to \$250,000,000.

While there is no duty imposed upon coffee tea is taxed 8 cents when imported from the country where it is produced and 9 cents when from other than the producing country. The internal revenue tax on cigarettes is materially increased, while the tax on beer and whisky is undisturbed. A cut of 50 per cent is made in the steel and lumber schedules and iron ore, hides, tallow, cottonseed oil and works of art more than twenty years old are placed on the free list.

Tariff on Leather Articles Reduced.

The tariff on boots and shoes is reduced 40 per cent and on other leather manufactures in proportion. The pottery schedule remains about the same, but the duties on window and plate glass of the smaller sizes are increased, while the duties on the larger sizes are reduced. The tariff on wool of the first and second class, used principally in clothing, is not disturbed, but on wool of the third class, known as carpet wool, it is reduced on the cheaper grades. A 5-cent reduction is made in the duties on shoddy and waste, while wool tops are assessed 6 cents a pound more than the duty on scoured wool, which is unchanged. The recommendations for placing wood pulp on the free list and reducing the duties on print paper, with certain restrictions, made by the Mann committee of the house, are incorporated in the bill.

The duty on refined sugar is reduced 5-100 of a cent a pound and on dextrin half a cent a pound. A reduction of half a cent a pound is also made in the duty on starch, with the exception of potato starch. Zinc in ore is assessed 1 cent per pound for the zinc contained. The tariff on pig iron is reduced from \$4 to \$2.50 per ton.

The principal increases are made in the duties on lemons, cocoa an substitutes for coffee, coal tar dyes, gloves and coated papers and lithographic prints.

As was expected the new tariff bill is made on a maximum and minimum basis, with the provision that the maximum rates are not to go into effect until sixty days after the passage of the bill. Reciprocity provisions are contained in the paragraphs assessing duties on bituminous coal and coke and agricultural implements, by which these articles are given entry free of duty when imported from countries which permit the free importation of these articles from America.

The inheritance tax provision of the bill is similar to the New York state law. It provides a tax of 5 per cent on all inheritances over \$500 that are collateral inheritances, or in which strangers are the legatees. In cases of direct inheritance the taxes prescribed are: On \$10,000 to \$100,000, 1 per cent; on \$100,000 to \$500,000, 2 per cent; and on those over \$500,000, 3 per cent. It is estimated that \$20,000,000 annually will be derived from this tax.

New \$5.98 Skirts

That Special line at the price

We have a new line of \$5.98 Skirts in black, blue and brown. These are the ones that are far better than the price will indicate—our leaders. They are made with gores and neatly trimmed with bands and buttons.

H. P. Michael Co

New Gingham

10c, 12½c and 15c—Beautiful Styles

We are in receipt of a new lot of gingham which adds to the completeness of our line. Styles are beautiful, colorings good and they will wash, too.

MASS MEETING IS HELD IN NEW YORK

In Honor of the Memory of
Grover Cleveland.

New York March 18.—In the metropolis of the nation America is doing honor today to the only man who was ever elected to the presidency, then defeated for that office and again elected. Today would have been the seventy-second birthday of Grover Cleveland if he had not died last June. For the purpose of paying proper tribute to his memory the president of the United States, the chief justice of the United States and the governor of New York state came here to join with the mayor of New York and other notabilities in two great mass meetings.

The first of the two meetings took place in Carnegie hall today. Mayor McClellan of New York presided. Addresses lauding the place held by Mr. Cleveland in the nation's memory and history were delivered by President Taft, Chief Justice Fuller, Governor Hughes and others. A letter from former President Roosevelt expressing regret at his inability to join in the meeting was read. Richard Watson Gilder, the famous editor and poet, who was a close personal friend of Mr. Cleveland, read an original poem. Among the purposes of the meetings is the planning of a permanent memorial to the memory of President Cleveland.

Mr. Taft will remain in this section of the country two days. Tomorrow morning he will go to New Haven to attend a meeting of the Yale corporation, of which he is a member. He will return here in time to attend the dinner of the Yale alumni of New York.

GETTING READY TO STRIKE

Fifteen Thousand Marine Workers on Great Lakes May Quit.

Chicago, March 18.—Fifteen thousand marine workers connected with the Lake Seaman's union are making preparations for a strike on the opening of navigation next month. Meetings are being held here and in all the ports around the lakes to discuss the proposed "welfare" plan which the Lake Carriers' association proposes to inaugurate. The seamen, it is said, will refuse to ship under this plan. The union officials declare it is in substance a blacklist. The grain, ore and lumber handlers are said to be in sympathy with the seamen.

Taft Will Open Exposition.

Washington, March 18.—Representative Sherley of Kentucky asked President Taft to touch the button in the White House to open the forthcoming Southern electrical exposition at Louisville, Ky. The president will do this.

CONTENTS NOT DIVULGED

Secretary Knox Sends Note to Nicaraguan Minister.

Washington, March 18.—Considerable interest, attended with much guessing as to what may be its full import, is attached to the note which Secretary of State Knox dispatched to Senor Espinosa, the Nicaraguan minister, and which is supposed to contain a statement of the American government's present attitude on the Emery claim, which the United States has been trying to have arbitrated for years. Secretary Knox declined to say anything about the communication.

Whether the note to Mr. Espinosa contains any observation defining the position of this government as to what may be expected in the future from Nicaragua along the line of the wishes of this government cannot be learned from any responsible source, although this would not be surprising in the present temper of the administration.

That the permanent establishment of peaceful conditions in Central America may be brought about by the United States and Mexico is the opinion held and the wish expressed by the large South American countries, according to a statement of a prominent government official and a close student of Latin-American affairs.

He declared that there had been a recent change of attitude in these countries toward the United States. This is due, he added, more than to any other cause to the manner in which this government handled the Cuban situation, gaining thereby the confidence of the South American republics.

BY ORDER OF THE GOVERNOR

Former Game Warden Spent State's Money for Political Purposes.

Madison, Wis., March 18.—Henry Overbeck, a former state game warden, told the legislative senatorial investigating committee that during his term of office he spent the state's money for political purposes and that whatever political work he did during his term was at the order of the governor, as his superior officer.

Senator Morris, following this statement, moved that a certified account of Overbeck's testimony be sent to the attorney general. The motion was carried by a vote of 6 to 1.

Mr. Overbeck was on the stand nearly the entire day. He told of disbursing \$770 of the Stephenson campaign fund, but could render no definite statement. Of the money paid out, \$100 went to E. S. Minor, a congressional candidate in Green Bay. He made "preliminary arrangements" with several others for campaign work. He also arranged a meeting between the Rev. Eppling, a Lutheran minister, and Mr. Edmunds for the purpose of securing the former's services for the Stephenson campaign. Mr. Overbeck admitted that the matter of a donation to the Lutheran college at Watertown had been mentioned to Rev. Eppling, but would not have the committee understand that Senator Stephenson had pledged a donation in case of his nomination at the primaries.

LETTER CARRIERS JOIN TELEGRAPHERS

Strike Movement Gains Much Headway in Paris.

Paris, March 18.—The letter carriers have joined the strike of the telegraphers, telephone operators and mail clerks employed by the postoffice department. At a meeting they voted by a large majority to begin a strike at once. Eight hundred postmen employed in the delivery of newspapers and parcels also went out.

The strike movement gained greatly throughout the day, Paris being practically isolated from the rest of France and France from the outside world. Eight thousand strikers met and passed a resolution to maintain the struggle to the bitter end.

Premier Clemenceau declares that the government is ready for a fight and will not recede in its determination to force the strikers to the wall. A very serious situation, however, has arisen through the inability of the government to communicate with its foreign representatives and the strikers cut the private telephone wire connecting the Elysee palace with the various ministries. Troops are held in readiness at Versailles to reinforce the Paris troops in case any demonstration of a serious nature occurs. There is an alarming rumor that the secretary of the Railroad Employees' union has promised to order out these men in a sympathetic strike.

After a few hours of practically complete wire isolation, telegraph communication between this city and London and Berlin was restored by means of volunteers from other branches of the public service. About 150 military telegraphers are now at work in the central station, and naval telegraphers are on their way here from Brest.

SERBIA READY TO CONCUR

If Powers Hold Annexation of Provinces Is a Closed Affair.

London, March 18.—A special dispatch to the Times from Belgrade says that if Great Britain, Russia and France are prepared to notify Serbia that they consider the annexation of Bosnia and Herzegovina a closed affair and no longer a concern of Europe's, Serbia is ready to concur in this view. Under such circumstances she would consent to dismiss the 7,000 reservists she has called up for training, already provided that European guarantees her against attack.

Langford Defeats Barry.

Philadelphia, March 18.—Sam Langford, colored middleweight champion, defeated Jim Barry of Chicago in a six-round bout before the Washington Sporting club. Langford was in perfect condition, while Barry claimed to be suffering from malaria fever.

from a business trip to Interna-
tional Falls.

Andrew Johnson, of the Itasca Cedar
and Tie company, was in the city last
night on business.

Axel Johnson went to the twin cities
yesterday afternoon to be absent a few
days on business.

E. Boppel went to Aitkin this after-
noon. He will stop off at Deerwood
on his way home.

John Stroman, owner of the Swan-
ville telephone exchange, was in the
city this forenoon on business.

Iola Council Degree of Pocahontas,
will give a dance next Friday night in
Columbia hall. Tickets 25c. 140t3

J. A. Casey and Misses Emma Casey
and Jessie Kempton, of Aitkin, were
at the Antlers hotel last night.

Tomorrow will be pay day at the
shops, because of the fact that the
shops will not work on Saturday.

H. M. Newell, of Cutler, Aitkin
county, formerly of this city, was here
yesterday attending the Odd Fellows
doings.

H. M. Masscau, material inspector
of the Northwestern Telephone Co.,
was in the city today and went to Min-
neapolis on the noon train.

Jacob Schmidt's bottle beer is deli-
cious. We have the agency. Order a
case. Telephone 164 John Coates Liquor
Co. tf

There will be a card party given by
Pine Camp, No. 1730, Royal Neighbors,
Tuesday evening, March 23, at Cale's
hall. Tickets and refreshments 15c. dlw1

The Ladies' Musical Club will hold
its regular meeting on Saturday after-
noon. The teachers of the city are
cordially invited to attend this meet-
ing.

J. W. Blake left this noon for Gray
Eagle. From there he goes to Mankato
where he will be employed by his
brother who is superintendent of parks
of that city.

H. F. Michael came up last night
from Minneapolis, where he went from
Duluth the night before. While there
he made arrangements for McPherson-
Langford suits next week.

D. Heliwarth, father of Mrs. H. F.
Michael, left today for his home in
Celina, Ohio. He was called home by
business and Mrs. Heliwarth will re-
main here for some time yet.

Thomas Bailey, former sheriff of
Beltrami county, who is spending the
winter in the twin cities because of the
poor health of Mrs. Bailey, was here
today on his way to Bemidji on busi-
ness.

Hard time sochal given by Home-
stead 1601, B. A. Y., Thursday even-
ing, March 25th, in I. O. O. F. hall.
Kum drest in your old cles the wurst
you hav and leeve your best ter hum.
Admishun ten sense. 242t2

The funeral of Miss Zella Slipp will
take place at the residence of her par-
ents Friday afternoon at 2:30 o'clock.
Rev. Charles Fox Davis officiating, and
will be followed by interment in ever-
green cemetery.

J. Hartley, supervisor of bridges
and buildings on the Minnesota division
of the N. P. railway, was in the city
yesterday afternoon and this forenoon.
He returned to his home at Staples on
the noon train today.

The Ancient Order of Hibernians
celebrated St. Patrick's day last even-
ing by initiating candidates followed by
a card party and supper. A large
crowd was in attendance and a very
good time is reported.

See the inauguration of President
Taft at the Unique tonight. 242t3

P. M. Zakariasen has rented the store
room in the Imperial block between
the Coates Liquor Co. and the Unique
and will move his tailoring establish-
ment to that place between the first
and the 10th of April.

Floyd Brown came up from the twin
cities last night and went to his home
in Bemidji this afternoon accompan-
ied by his sister, Miss Alma Brown, and
his niece, Miss Bernice Kirk of Bem-
idji, who has been spending the
winter at the home of her grand par-
ents, Mr. and Mrs. Adam Brown.

The special sessions of the Grand
Lodge, I. O. O. F., which were held
yesterday afternoon and last night
were well attended, especially in the
evening, at which time the hall was
crowded. The members were served
with a supper by the Rebekah lodge,
which proves the ladies to be most ex-
cellent providers of refreshments.

Inauguration pictures at the Unique
tonight. 242t3.

Eden Jones, son of Fariend H. Jones,
died in a hospital in St. Paul Tuesday
and the remains were brought to this
city for burial. The funeral took place
this afternoon with interment in Ever-
green cemetery. The lad had his back
broken by a fall about two years ago
and has been an invalid ever since.

The cleverest imitation of real Coffee
ever yet made is Dr. Shoop's Health
Coffee. It is fine in flavor—and is made
in just one minute. No tedious 20 or
30 minutes boiling. Made from pure
parched grains, malt, nuts, etc. Sample
free. McGinn & Smith. t t t f

Brainerd Lodge No. 615, B. P. O. E.,
will elect officers tonight. In addition
to the regular routine of work Brother
W. I. Nolan a professional entertainer
from Minneapolis lodge will entertain
the members. There will be tumbling
act by Charles Wood and a big vaude-
ville turn by Frank Kohlas and Fred
Miller. District Deputy Regan and
Charles Vasaly, of Little Falls, are ex-
pected to be present and address the
gathering. In the absence of either of
these brethren it is announced that
Rudolph Hartley will make a speech.
There will also be a banquet.

Don't fail to see the inauguration
pictures at the Unique Thursday, Fri-
day and Saturday evenings. 142t3

R. M. Potter, a well known resident
of Long Lake, was thrown from his rig
while on his way home about 9:30 last
night, on East Oak street and quite
badly injured. The rig it is said struck
a post at the edge of the street,
and the team, which is young
and spirited, started to run, but Mr.
Potter hung onto them and was dragged
some distance. He received a bad cut
on his head and had the bone of his leg
fractured between the knee and
ankle. He was taken to the home of
his sister, Mrs. Maggie Herrick, 1522
East Laurel, where he spent the night.

Pains of women, head pains, or any
pain, stopped in 20 minutes sure, with
Dr. Shoop's Pink Pain Tablets. See
full formula on 25c box. Sold by H.
P. Dunn. t t t f

BOSTON BEANS IN DANGER.

Back Bay of Hub Getting Sand Eat-
ing Habit.

Mrs. Marie Windsor, the high priest-
ess of the sand eating cult, has been
teaching the Back Bay residents of
Boston how to improve their health
and beauty with this latest delicacy.
Thoroughly convinced that she has
found a panacea for many of the flesh-
ly ills, Mrs. Windsor declares that she
has eaten sand for twelve years. She
has found many converts in Boston to
her methods, she declares.

She procures the sand from the chan-
nel of the Mississippi river, where the
current rolls it into round grains. Then
it is sifted, sunned and baked and
shipped in bags by freight to Boston.
The right kind of sand is brown hard
silica. White sand, shell dust, sharp,
flinty sand or clay will not do. Mrs.
Windsor says she has cured 70,000 pa-
tients.

DEERWOOD NOTES

H. J. Hage made a short visit to Mc-
Gregor on Friday afternoon.

Mrs. Richardson, of Cuyuna, made a
short visit to Deerwood on Saturday.

Mr. and Mrs. James McCarville have
returned from Montana. They report
things as looking nice there but were
still well pleased to get back to Deer-
wood.

Glass & Bush of the Duluth Diamond
Drilling Co., made Deerwood a short
business visit on Friday. They were
up looking after the work that they are
doing for the Northwest Improvement
Co., in Twp. 47 R. 29.

Mrs. Wm. Guith returned on Thurs-
day from a visit at the Head of the
Lakes.

G. A. Oberg with H. J. Hage at Mc-
Gregor, came up Saturday evening to
attend the Odd Fellows dance and a
visit at home over Sunday.

Ex-Sheriff O. P. Erickson, one of
the frequent visitors at Deerwood, came
up on Friday afternoon and staid over
until Saturday noon. He has more
than one iron in the fire, doing log-
ging and also drilling for iron ore. We
wish him success.

Work on the Rogers-Brown office
building is all completed on the outside
and is practically ready for plastering.
They are installing hot water heating,
also building a double vault. This
would indicate that they expect to get
rich returns for their ore and want
some safe place to keep it.

Rev. Hostager, of Cloquet, arrived
on Tuesday. He held services in the
Scandinavian church Tuesday and Wed-
nesday evening, preaching in the Eng-
lish language.

The Crosby iron interests are putting
up ice on their townsite. Your cor-
respondent made inquiries as to what they
expected to use it for, whether it
might be for summer resort ice cream
parlors, or camps for sinking shafts,
for their own explorations. Capt.
Gough, was however, not very confi-
dential on this point, so leave it to those
interested to guess.

Building operations have started in
early. L. C. Sogge and L. B. Cunning-
ham, the latter a late arrival at Deer-
wood, from Iowa, are both building res-
idences. We understand that more are
to follow.

Saw mills are thicker than fleas in
Deerwood of late. T. T. Holland hav-
ing purchased two lots in Archibald's
addition and has moved his mill in, and
Mr. Olson has purchased a new saw
and is busy getting it attached to his
planing mill plant and logs are coming
in lively. There will be music in the
air soon.

Many new families are arriving in town
of late and house room is at a premium
and rent is higher than a cats back.
A good investment for some one would
be to build some houses to rent as soon
in the spring as possible.

Another large boiler billed to the
Rogers Brown Ore Co., was unloaded
here and hauled out to Rabbit lake to
be used at the mine at that place.

A big ice house is being filled at the
North end of Serpent lake on the Cros-
by townsite which would rather indicate
that there would be something doing
over there the coming summer.

Several houses are being erected here
in spite of the bad weather and the
patter of hammers are heard in all di-
rections. Let the good work go on.

Town election went off rather quietly,
the only contention being between O.
Coffin and Oscar Carlson for the office
of town clerk. Mr. Coffin being elected
by a safe majority.

Dr. Sewell has purchased a fine resi-
dence lot and expects to erect a re-
sidence and office thereon sometime in
the near future.

From present indications Deerwood
will be a pretty lively town the coming
season. And town lots are changing
hands at a lively clip. If you want to
get a lot in Deerwood, you'll have to
hurry.

Warrant for Missing Broker.

Los Angeles, Cal., March 18.—Harry
D. Brown, a well known broker, has
been missing since Monday and a
felony warrant for his arrest is in
the hands of detectives. Brown's li-
abilities are said to amount to nearly
\$200,000, with his assets but a small
proportion of that sum.

Special Notice To Fat People

"I am giving you here the only pre-
scription known that will safely, sure-
ly and quickly reduce your fat to nor-
mal," said Dr. Jones to his fat afflicted
patient. "Besides, it will at the same
time greatly build up your muscular
strength and health."

"Go to the drug store, get a package
of Rengo. You eat it like fruit or can-
dy and easily and safely reduce your
fat a pound a day."

There is nothing "just as good" as
Rengo. For sale by all druggists at
\$1.00 per full sized box, or by mail pre-
paid, by the Rengo Co., 3151 Rengo
Bldg., Detroit, Mich. The company
will gladly send you a trial package
free by mail if you write them direct
to Detroit; no free packages at drug
stores.

Rengo is for sale and recommended
in Brainerd by H. P. Dunn, druggist.

Let 'em come
while the

Karo

lasts. You can't set
a limit to a griddle
cake appetite when
Karo is on the table.

The best syrup for every purpose.

In air-tight tins: 10c, 25c, 50c.

A book of recipes for cook-
ing and candy-making sent
free on request.

because he had lost all his life sav-
ings in investments in Zion City (Ill.)
industries, the city started by the late
John Alexander Dowie, Ludwig Aug-
uszt, seventy-one years old, commit-
ted suicide by hanging himself in his
room on Second avenue.

Do Children Need Alcohol?

Ask your doctor how often he prescribes an alcoholic stimulant
for children. He will probably say, "Very, very rarely." Ask
him how often he prescribes a tonic for them. He will probably
answer, "Very, very frequently." Then ask him about Ayer's
non-alcoholic Sarsaparilla as a tonic for the young.

Mrs. Wm. Guith returned on Thursday from a visit at the Head of the Lakes.

G. A. Oberg with H. J. Hage at McGregor, came up Saturday evening to attend the Odd Fellows dance and a visit at home over Sunday.

Ex-Sheriff O. P. Erickson, one of the frequent visitors at Deerwood, came up on Friday afternoon and staid over until Saturday noon. He has more than one iron in the fire, doing logging and also drilling for iron ore. We wish him success.

Work on the Rogers-Brown office building is all completed on the outside and is practically ready for plastering. They are installing hot water heating, also building a double vault. This would indicate that they expect to get rich returns for their ore and want some safe place to keep it.

Rev. Hostager, of Cloquet, arrived on Tuesday. He held services in the Scandinavian church Tuesday and Wednesday evening, preaching in the English language.

The Crosby iron interests are putting up ice on their townsite. Your correspondent made inquiries as to what they expected to use it for, whether it might be for summer resort ice cream parlors, or camps for sinking shafts, for their own explorations. Capt. Gough, was however, not very confidential on this point, so leave it to those interested to guess.

Building operations have started in early. L. C. Sogge and L. B. Cunningham, the latter a late arrival at Deerwood, from Iowa, are both building residences. We understand that more are to follow.

Saw mills are thicker than fleas in Deerwood of late, T. T. Holland having purchased two lots in Archibald's addition and has moved his mill in, and Mr. Olson has purchased a new saw and is busy getting it attached to his planing mill plant and logs are coming in lively. There will be music in the air soon.

Many new families are arriving in town of late and house room is at a premium and rent is higher than a cats back. A good investment for some one would be to build some houses to rent as soon in the spring as possible.

Another large boiler billed to the Rogers Brown Ore Co., was unloaded here and hauled out to Rabbit lake to be used at the mine at that place.

A big ice house is being filled at the North end of Serpent lake on the Crosby townsite which would rather indicate that there would be something doing over there the coming summer.

Several houses are being erected here in spite of the bad weather and the patter of hammers are heard in all directions. Let the good work go on.

Town election went off rather quietly, the only contention being between O. Coffin and Oscar Carlson for the office of town clerk, Mr. Coffin being elected by a safe majority.

Dr. Sewell has purchased a fine residence lot and expects to erect a residence and office thereon sometime in the near future.

From present indications Deerwood will be a pretty lively town the coming season. And town lots are changing hands at a lively clip. If you want to get a lot in Deerwood, you'll have to hurry.

Warrant for Missing Broker.
Los Angeles, Cal., March 18.—Harry D. Brown, a well known broker, has been missing since Monday and a felony warrant for his arrest is in the hands of detectives. Brown's liabilities are said to amount to nearly \$200,000, with his assets but a small proportion of that sum.

Special Notice To Fat People

"I am giving you here the only prescription known that will safely, surely and quickly reduce your fat to normal," said Dr. Jones to his fat-afflicted patient. "Besides, it will at the same time greatly build up your muscular strength and health."

"Go to the drug store, get a package of Rengo. You eat it like fruit or candy and easily and safely reduce your fat a pound a day."

There is nothing "just as good" as Rengo. For sale by all druggists at \$1.00 per full sized box, or by mail prepaid, by the Rengo Co., 3151 Rengo Bldg., Detroit, Mich. The company will gladly send you a trial package free by mail if you write them direct to Detroit; no free packages at drug stores.

Rengo is for sale and recommended in Brainerd by H. P. Dunn, druggist.

Follower of Dowie a Suicide.
New York, March 18.—Despondent because he had lost all his life savings in investments in Zion City (Ill.) industries, the city started by the late John Alexander Dowle, Ludwig August, seventy-one years old, committed suicide by hanging himself in his room on Second avenue.

Do Children Need Alcohol?

Ask your doctor how often he prescribes an alcoholic stimulant for children. He will probably say, "Very, very rarely." Ask him how often he prescribes a tonic for them. He will probably answer, "Very, very frequently." Then ask him about Ayer's non-alcoholic Sarsaparilla as a tonic for the young.

NEW SYSTEM OF CHECKING

Machines will Take the Place of
Copper Checks in Register-
ing Workmen

INSTALLED IN OTHER SHOPS

Company it is Said Has Expended
About \$30,000 for Them in
its Various Shops

The Northern Pacific Railway company is installing a new system of checking machines in the shops here. The machines will take the place of the old system of personal checks. Herebefore each workman received a brass check when he went to work in the morning, the check bearing the number of his name on the pay roll. This check he turned in at noon and received again on going to work in the afternoon. There was occasionally the loss of a check and the necessity of a man to give out the checks in each department, considerable dexterity and a good memory for faces being necessary in giving out the checks. Otherwise a man could call for his check, fall in line again and call for that of an absent friend, then drop both into the slot when quitting work, thus permitting the other man to draw wages for time he did not put in. With the new machines there is a large dial bearing a hole for each number. There is an arm pivoted at the center of the dial and when a pin at the end of the arm is inserted in a hole in the dial and the arm pressed in until the bell rings, the exact time is registered on a strip of paper similar to that on a cash register, and opposite the same number as the hole punched. The machine then registers the exact time at which the bell rung. The machines in use here are standard ten hour clocks. The time from 7 a. m. to noon is stamped in red, as is the time from 1 p. m. to 6 p. m. At other times the stamp is done in green, so that a glance at the time slip will show instantly when a man checks in or out during working hours. There were machines shipped here for the various departments, but in order that there may be no confusion on the records the dials are to be so changed that the clocks, instead of each dial being numbered consecutively from one to 150 or 200 according to the capacity of the clock, they will be numbered in a continuous series, commencing at 1 and running to 1400. Only one machine, that in the planing mill is at use now and the old system will be continued in the other departments until the dials are changed over and proper slips prepared.

The machines will be installed in all the shops of the system it is said and the total expense to the company will be in the neighborhood of \$30,000.

CROW WING NEWS

Mrs. P. Anderson returned from a visit in Brainerd on Tuesday.

Mrs. Ole Larson went to Brainerd on Wednesday.

Mrs. W. R. Davis returned from Kline's Sanatorium in Anoka on Saturday and reported Mrs. Shontell as improving.

Mrs. R. Hodge returned from St. Joseph's hospital on Wednesday.

Frank Hohler went to Brainerd on Monday to show the doctor a badly cut foot.

Prof. Kneiff conducted state examinations at the school house on Monday and Tuesday.

Mrs. E. L. Guin went to Little Falls on Saturday.

Miss Lucy Cluka spent Sunday with Mrs. Leon Womette, returning to Brainerd on Monday.

A good sized crowd gathered to listen to Rev. Abramson's remarks on Sunday. He will be here again Sunday, March 28.

Grace Dixon visited Crow Wing on Tuesday.

Freeman Young spent Sunday in Crow Wing.

Mrs. L. Bailey returned from Brainerd on Wednesday.

Kills Wood-Be Slayer

A merciless murderer is Appendicitis with many victims. But Dr. King's New Life Pills kill it by prevention. They gently stimulate stomach, liver and bowels, preventing that clogging that invites appendicitis, curing constipation, Biliousness, Chills, Malaria, Headache and Indigestion. 25c at H. P. Dunn's.

DISCUSSES CONDITIONS

F. W. Gilbert, General Superintendent
of the Northern Pacific is
Interviewed

F. W. Gilbert, general superintendent of the Northern Pacific railway, who was in the city Wednesday, talked freely concerning present conditions. He stated that traffic was almost unprecedently light at present but that it was believed that it would increase rapidly when congress got through with the tariff question and the special session adjourned. Ordinary merchandise business was good he said, being fully up to the average for this season, but traffic in structural iron, building material, stock for manufacturers, lumber and such articles was very light. This he laid not so much to any fear as to the result of the action of congress on the country at large, as because of expectation of the changes, and a doubt as to which article would be affected. As a result merchants are ordering lightly and all big enterprises are at a standstill. Neither proprietor or contractor wants to make contracts either for large construction or covering an extended period of time. Mr. Gilbert expressed the opinion, however, that business would soon regain a normal tone after congress gets through, no matter what is done.

Speaking of passenger traffic Mr. Gilbert expressed the opinion that the coming season would be record breaker, especially in western business. He believed that there will be a very large number of people from the eastern states will take advantage of the Alaska-Yukon-Seattle exposition to visit Seattle and other points on the Pacific coast. The Northern Pacific's new trains, which will be started May 23, he declared would be electric lighted and the equal of any in trans-continental service and he anticipated a very heavy passenger business.

EXTRADITION PAPERS GRANTED

Governor of Maine Grants Extradition
Papers for Charles A. Wilson
Held Here

Augusta, Maine, March 18.—Papers for the extradition from the state of Minnesota of Charles A. Wilson, who escaped from the Franklin county jail in this state five years ago, while awaiting grand jury action on a charge of murder, was signed by Governor Fernald yesterday.

Wilson is alleged to have shot and killed Leroy S. Brackley at West Mills on the night of March 19, 1904. Soon after his escape from jail he was indicted on a murder charge.

PUBLIC MEETING

Upper Mississippi Medical Society
will Hold Meeting at Staples --
Tuberculosis the Topic

The Upper Mississippi Medical Society will hold its regular session at Staples April 6th. The regular session will be held in the afternoon when there will be addresses on subjects of interest to the profession. A banquet will be held at 6 o'clock and in the evening there will be an open session at the opera house, to which the general public is invited. There will be an address by Dr. F. F. Westbrook, dean of the Medical Department of the University of Minnesota on the subject, "Who is Responsible for the Health of the Public." Dr. H. M. Bracken, secretary of the state board of health, will address the gathering on "Tuberculosis" and Dr. W. J. Marchey, superintendent of the Minnesota Sanatorium for consumptives will also speak. The state tuberculosis exhibit, under the direction of the state board of health will be held in Staples April 5th and 6th. This of itself is worth going miles to see. There will doubtless be a good attendance of laymen at the meeting.

Children Who are Sickly

Mothers who value their own comfort and the welfare of their children, should never be without a box of Gray's Sweet Powders for Children, for use throughout the season. They break up colds, cure feverishness, constipation, teething disorders, headache and stomach troubles. THESE POWDERS NEVER FAIL. Sold by all drug stores, 25c. Don't accept any substitute. A trial package will be sent free to any mother who will address Allen S. Olmsted, Le Roy, N. Y.

Goes to Prison for Life.

Valparaiso, Ind., March 18.—William Gagle was found guilty by a jury in the circuit court of killing Lizzie Schroeder, eleven years old, of Tolleston. He was sentenced to the Michigan City penitentiary for life. He was captured in Chicago.

Near Death in Big Pond

It was a thrilling experience to Mrs. Ida Soper to face death. "For years a severe lung trouble gave me intense suffering," she writes, "and several times nearly caused my death. All remedies failed and doctors said I was incurable. Then Dr. King's New Discovery brought quick relief and a cure so permanent that I have not been troubled in 12 years. Mrs. Soper lives in Big Pond, Pa. It works wonders in Coughs and Colds, Sore Lungs, Hemorrhages, LaGrippe, Asthma, Croup, Whooping Cough and all Bronchial affections. 50c and \$1.00. Trial bottle free. Guaranteed by H. P. Dunn. t t t f

LEFT CROW WING AND DISAPPEARED

Wisconsin Woman Left Crow
Wing for her Home and Has
Not Been Heard of Since

LEFT SEVERAL CHILDREN

No Known Reason for her Disap-
pearance and Wisconsin
Friends Are Worried

Mrs. Betsy Olson, of Reedstown, Wis., is reported missing. Mrs. Olson, who is a widow between 40 and 50 years of age, owns a piece of land near Crow Wing and came here to look after a proposition to purchase the land, which had been made to her. She was here several days, leaving for home on the 10th of this month. Rev. C. Hougstad received a letter from A. J. Rein, of Soldier's Grove, Wis., dated March 15th, saying that she had not returned. She has several small children and her disappearance is a profound mystery.

BUY BANE MARKET

McGinn & Smith Purchase the Meat
Market of E. C. Bane and will
Conduct Both Places

McGinn & Smith have closed a deal by which they take over the meat market stock and business of E. C. Bane in the Walker block. An inventory will be taken tonight and the new firm will take possession tomorrow morning. Mr. McGinn was seen by a Dispatch reporter today and stated that it was the intention to conduct both establishments for the present. The move, he said was due on their part to a desire to have a place to move to should Mr. Farrar decide to erect a brick block on the lot owned by him and occupied by McGinn & Smith's building. T. H. Schafer and Ervins Chrysler, who have been with Mr. Bane, will remain with the new firm.

A tickling or dry cough can be quickly loosened with Dr. Shoop's Cough Remedy. No opium, no chloroform, nothing unsafe or harsh. Sold by H. P. Dunn. t t t f

Henry-Caughey

A very pretty wedding was solemnized yesterday morning at 9 o'clock at "Pine Knoll" the farm residence of Mr. and Mrs. F. M. Caughey, Daggett Brook, when their daughter, Agnes M. was united in marriage to Peter Henry, of Foley, Minn. The ceremony was witnessed by the members of both families and several out of town guests, and the short ring service of the Methodist Episcopal church was read by Rev. Charles Fox Davis. The bride was assisted in the ceremony by her sister, Flora M., and Mr. Henry had his brother, John L. Henry, as his assistant. The house was handsomely decorated with flowers and colors which were seasonable to the 17th of March.

After the ceremony a wedding breakfast was served, and immediately following the young couple and the out of town guests came to town and left for Foley, Minn., on the afternoon train. Mr. Henry is a successful farmer near Foley and the young couple will make their home near to that place. Mrs. Henry has been for several years one of Crow Wing's county most successful teachers. Her many friends will wish the young couple a very pleasant journey through life.

Don't drug the Stomach, or stimulate the Heart or Kidneys. That is wrong. It is the weak nerves that are crying out for help. Vitalize these weak inside controlling nerves with Dr. Shoop's Restorative and see how quickly good health will come to you again. Test it and see! Sold by H. P. Dunn. t t t f

Wounds Were Self-Inflicted.

Monticello, N. Y., March 16.—Bernard Solomon, who was found dying of a dozen knife wounds in his burning house and who told the police that he had been attacked by a neighbor named Berkawitz, confessed to the district attorney that his wounds were self-inflicted. His motive for blaming his neighbor was not disclosed.

Two Killed by Explosion.

Gardiner, Me., March 16.—Two men were killed and a third was seriously injured by the explosion of the boiler of the Rich Ice house of the American Ice company at Farmingdale. The dead are Ralph Fridley, engineer, and N. L. Hutchinson, saw sharpener. Charles E. Murphy had both legs broken.

Miss Mathis as "Peggy" in "BREWSTER'S MILLIONS"

The Lurid Glow of Doom

was seen in the red face, hands and body of the little son of H. M. Adams, of Henrietta, Pa. His awful plight from eczema had, for five years, defied all remedies and baffled the best doctors, who said the poisoned blood had affected his lungs and nothing could save him. "But," writes his mother, "seven bottles of Electric Bitters completely cured him." For Eruptions, Eczema, Salt Rheum, Sores and all blood disorders and rheumatism Electric Bitters is supreme. Only 50c. Guaranteed by H. P. Dunn. t t t w

Milk From Diseased Cow Fatal.

Ghent, O., March 18.—A drinking milk from a diseased cow Mabel Baxter, aged eleven, and her sister Edith, aged nine, are dead and Clara, aged eight, and May, aged five, brother and sister, are dying.

Wage Reduction Announced.

Johnstown, Pa., March 18.—The Cambria Steel company, which, when in full activity, employs 18,000 men, has announced a 10 per cent reduction in wages to take effect April 1.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price, 75c. per bottle. Take Hall's Family Pills for constipation.

Strong Earthquake Shock.

Reggio, March 18.—A strong earthquake shock was felt here. It was especially severe at Pellaro and other small villages along the coast, causing great alarm among the people. The shock seems to have been accompanied by a particular high tide, as both here and on the coast near Prindisi small boats were carried high and dry upon the land and wrecked. There were no casualties.

H. P. Dunn's Unusual Offer

"It isn't often that we have found enough in the medicine put up by other people to be willing to offer a refund the money if it does not cure," said H. P. Dunn to a Dispatch reporter who dropped into the store, "but we are glad to sell Dr. Howard's specific for the cure of constipation and general dyspepsia on that basis."

"The Dr. Howard Company, in order to get a quick introductory sale, authorizes us to sell their regular fifty cent bottles at half-price, 25 cents, and, although we have sold a lot of it, and have guaranteed every package, not one has been brought back as unsatisfactory."

There are sixty doses in a vial that can be carried in the vest pocket or purse, and every one has more medicinal power than a big pill or tablet or a tumbler of mineral water.

"We are still selling the specific at half-price, although we cannot tell how long we shall be able to do so, and anyone who is subject to constipation, sick head-ache, dizziness, liver trouble, indigestion or a general played-out condition, ought to take advantage of this chance."

HUMAN STAKE IN CRAP GAME

Lucky Waiter Won New Yorker Who
Gave Big Tips In Southern Hotel.

Comptroller Herman Metz of New York recently had the rare distinction of being the stake in a crap game. He returned from the south a few days ago. At the hotel he stopped at in Savannah he followed his Waldorf train and gave the negro waiter a fifty cent tip at breakfast, a fifty cent tip at dinner and a fifty cent tip at dinner. The waiter, who had been a waiter at the Waldorf, was a new waiter thrust upon me every day. "I'm going to wait on you right along, boss," said the negro. "I hope you won't be mad, boss, but we shot craps for you last night, and I won."

DR. A. W. CHASE'S CATARRH POWDER 25c.

is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. No harmful drugs. 25c. blower free; all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

NEW SYSTEM
OF CHECKING

Machines will Take the Place of
Copper Checks in Register-
ing Workmen

INSTALLED IN OTHER SHOPS

Company it is Said Has Expended
About \$30,000 for Them in
in its Various Shops

The Northern Pacific Railway company is installing a new system of checking machines in the shops here. The machines will take the place of the old system of personal checks. Hereafter each workman received a brass check when he went to work in the morning, the check bearing the number of his name on the pay roll. This check he turned in at noon and received again on going to work in the afternoon. There was occasionally the loss of a check and the necessity of a man to give out the checks in each department, considerable dexterity and a good memory for faces being necessary in giving out the checks. Otherwise a man could call for his check, fall in line again and call for that of an absent friend, then drop both into the slot when quitting work, thus permitting the other man to draw wages for time he did not put in. With the new machines there is a large dial bearing a hole for each number. There is an arm pivoted at the center of the dial and when a pin at the end of the arm is inserted in a hole in the dial and the arm pressed in until the bell rings, the exact time is registered on a strip of paper similar to that on a cash register, and opposite the same number as the hole punched. The machine then registers the exact time at which the bell rung. The machines in use here are standard ten hour clocks. The time from 7 a. m. to noon is stamped in red, as is the time from 1 p. m. to 6 p. m. At other times the stamp is done in green, so that a glance at the time slip will show instantly when a man checks in or out during working hours. There were machines shipped here for the various departments, but in order that there may be no confusion on the records the dials are to be so changed that the clocks, instead of each dial being numbered consecutively from one to 150 or 200 according to the capacity of the clock, they will be numbered in a continuous series, commencing at 1 and running to 1400. Only one machine, that in the planing mill is at use now and the old system will be continued in the other departments until the dials are changed over and proper slips prepared.

The machines will be installed in all the shops of the system it is said and the total expense to the company will be in the neighborhood of \$30,000.

CROW WING NEWS

Mrs. P. Anderson returned from a visit in Brainerd on Tuesday.

Mrs. Ole Larson went to Brainerd on Wednesday.

Mrs. W. R. Davis returned from Kline's Sanatorium in Anoka on Saturday and reported Mrs. Shontell as improving.

DISCUSSES CONDITIONS

F. W. Gilbert, General Superintendent of the Northern Pacific is interviewed

F. W. Gilbert, general superintendent of the Northern Pacific railway, who was in the city Wednesday, talked freely concerning present conditions. He stated that traffic was almost unprecedentedly light at present but that it was believed that it would increase rapidly when congress got through with the tariff question and the special session adjourned. Ordinary merchandise business was good he said, being fully up to the average for this season, but traffic in structural iron, building material, stock for manufacturers, lumber and such articles was very light. This he laid not so much to any fear as to the result of the action of congress on the country at large, as because of expectation of the changes, and a doubt as to which article would be affected. As a result merchants are ordering lightly and all big enterprises are at a standstill. Neither proprietor or contractor wants to make contracts either for large construction or covering an extended period of time. Mr. Gilbert expressed the opinion, however, that business would soon regain a normal tone after congress gets through, no matter what is done.

Speaking of passenger traffic Mr. Gilbert expressed the opinion that the coming season would be record breaker, especially in western business. He believed that there will be a very large number of people from the eastern states will take advantage of the Alaska-Yukon-Seattle exposition to visit Seattle and other points on the Pacific coast. The Northern Pacific's new trains, which will be started May 23, he declared would be electric lighted and the equal of any in trans-continental service and he anticipated a very heavy passenger business.

EXTRADITION PAPERS GRANTED

Governor of Maine Grants Extradition Papers for Charles A. Wilson Held Here

Augusta, Maine, March 18.—Papers for the extradition from the state of Minnesota of Charles A. Wilson, who escaped from the Franklin county jail in this state five years ago, while awaiting grand jury action on a charge of murder, was signed by Governor Fernald yesterday.

Wilson is alleged to have shot and killed Leroy S. Brackley at West Mills on the night of March 19, 1904. Soon after his escape from jail he was indicted on a murder charge.

PUBLIC MEETING

Upper Mississippi Medical Society will Hold Meeting at Staples -- Tuberculosis the Topic

The Upper Mississippi Medical Society will hold its regular session at Staples April 6th. The regular session will be held in the afternoon when there will be addresses on subjects of interest to the profession. A banquet will be held at 6 o'clock and in the evening there will be an open session at the opera house, to which the general public is invited. There will be an address by Dr. F. F. Westbrook, dean of the Medical Department of the University of Minnesota on the subject, "Who is Responsible for the Health of the Public." Dr. H. M. Bracken, secretary of the state board of health, will address the gathering on "Tuberculosis" and Dr. W. J. Marchey, superintendent of the Minnesota Sanatorium for consumptives will also speak. The state tuberculosis exhibit, under the direction of the state board of health will be held in Staples April 5th and 6th. This of itself is worth going miles to see. There will doubtless be a good attendance of laymen at the meeting.

Children Who are Sickly

Mothers who value their own comfort and the welfare of their children, should never be without a box of Gray's Sweet Powders for Children, for use throughout the season. They break up colds, cure feverishness, constipation, teething disorders, headache and stomach troubles. THESE POWDERS NEVER FAIL. Sold by all drug stores, 25c. Don't accept any substitute. A trial package will be sent free to any mother who will address Allen S. Olmsted, Le Roy, N. Y.

Goes to Prison for Life

Valparaiso, Ind., March 18.—William Gagle was found guilty by a jury in the circuit court of killing Lizzie Schroeder, eleven years old, of Tolleston. He was sentenced to the Michigan City penitentiary for life. He was captured in Chicago.

Near Death in Big Pond

It was a thrilling experience to Mrs. Ida Soper to face death. "For years a severe lung trouble gave me intense suffering," she writes, "and several times nearly caused my death. All remedies failed and doctors said I was incurable. Then Dr. King's New Discovery brought quick relief and a cure so permanent that I have not been troubled in 12 years. Mrs. Soper lives in Big Pond, Pa. It works wonders in Coughs and Colds, Sore Throats, Hemorrhages, LaGrippe, Asthma, Croup, Whooping Cough and all Bronchial affections. 50c and \$1.00. Trial bottle free. Guaranteed by H. P. Dunn.

LEFT CROW WING AND DISAPPEARED

Wisconsin Woman Left Crow Wing for her Home and Has Not Been Heard of Since

LEFT SEVERAL CHILDREN

No Known Reason for her Disappearance and Wisconsin Friends Are Worried

Mrs. Betsy Olson, of Reedstown, Wis., is reported missing. Mrs. Olson, who is a widow between 40 and 50 years of age, owns a piece of land near Crow Wing and came here to look after a proposition to purchase the land, which had been made to her. She was here several days, leaving for home on the 10th of this month. Rev. C. Hougstad received a letter from A. J. Rein, of Soldier's Grove, Wis., dated March 15th, saying that she had not returned. She has several small children and her disappearance is a profound mystery.

BUY BANE MARKET

McGinn & Smith Purchase the Meat Market of E. C. Bane and will Conduct Both Places

McGinn & Smith have closed a deal by which they take over the meat market stock and business of E. C. Bane in the Walker block. An inventory will be taken tonight and the new firm will take possession tomorrow morning. Mr. McGinn was seen by a Dispatch reporter today and stated that it was the intention to conduct both establishments for the present. The move, he said was due on their part to a desire to have a place to move to should Mr. Farrar decide to erect a brick block on the lot owned by him and occupied by McGinn & Smith's building. T. H. Schafer and Ervine Chrysler, who have been with Mr. Bane, will remain with the new firm.

TOWN ELECTIONS.

List of Officers Elected in the Various Towns in the County on Tuesday, March 9.

ROOSEVELT
Supervisor—Herman Marohn.
Clerk—Louis Schellin.
Treasurer—Erdman Templin.
Assessor—Geo. Schellin.
Constable—Alonzo Jennison.
Justices—Irwin Balow, Geo. H. Wakeman.
Road Overseers—Dist. No. 6, Geo. H. Wakeman; Dist. No. 2, Sam Brand.

A tickling or dry cough can be quickly loosened with Dr. Shoop's Cough Remedy. No opium, no chloroform, nothing unsafe or harsh. Sold by H. P. Dunn.

Henry-Caughey

A very pretty wedding was solemnized yesterday morning at 9 o'clock at "Pine Knoll" the farm residence of Mr. and Mrs. F. M. Caughey, Daggett Brook, when their daughter, Agnes M. was united in marriage to Peter Henry, of Foley, Minn. The ceremony was witnessed by the members of both families and several out of town guests, and the short ring service of the Methodist Episcopal church was read by Rev. Charles Fox Davis. The bride was assisted in the ceremony by her sister, Flora M., and Mr. Henry had his brother, John L. Henry, as his assistant. The house was handsomely decorated with flowers and colors which were seasonable to the 17th of March.

After the ceremony a wedding breakfast was served, and immediately following the young couple and the out of town guests came to town and left for Foley, Minn., on the afternoon train. Mr. Henry is a successful farmer near Foley and the young couple will make their home near to that place. Mrs. Henry has been for several years one of Crow Wing's county most successful teachers. Her many friends will wish the young couple a very pleasant journey through life.

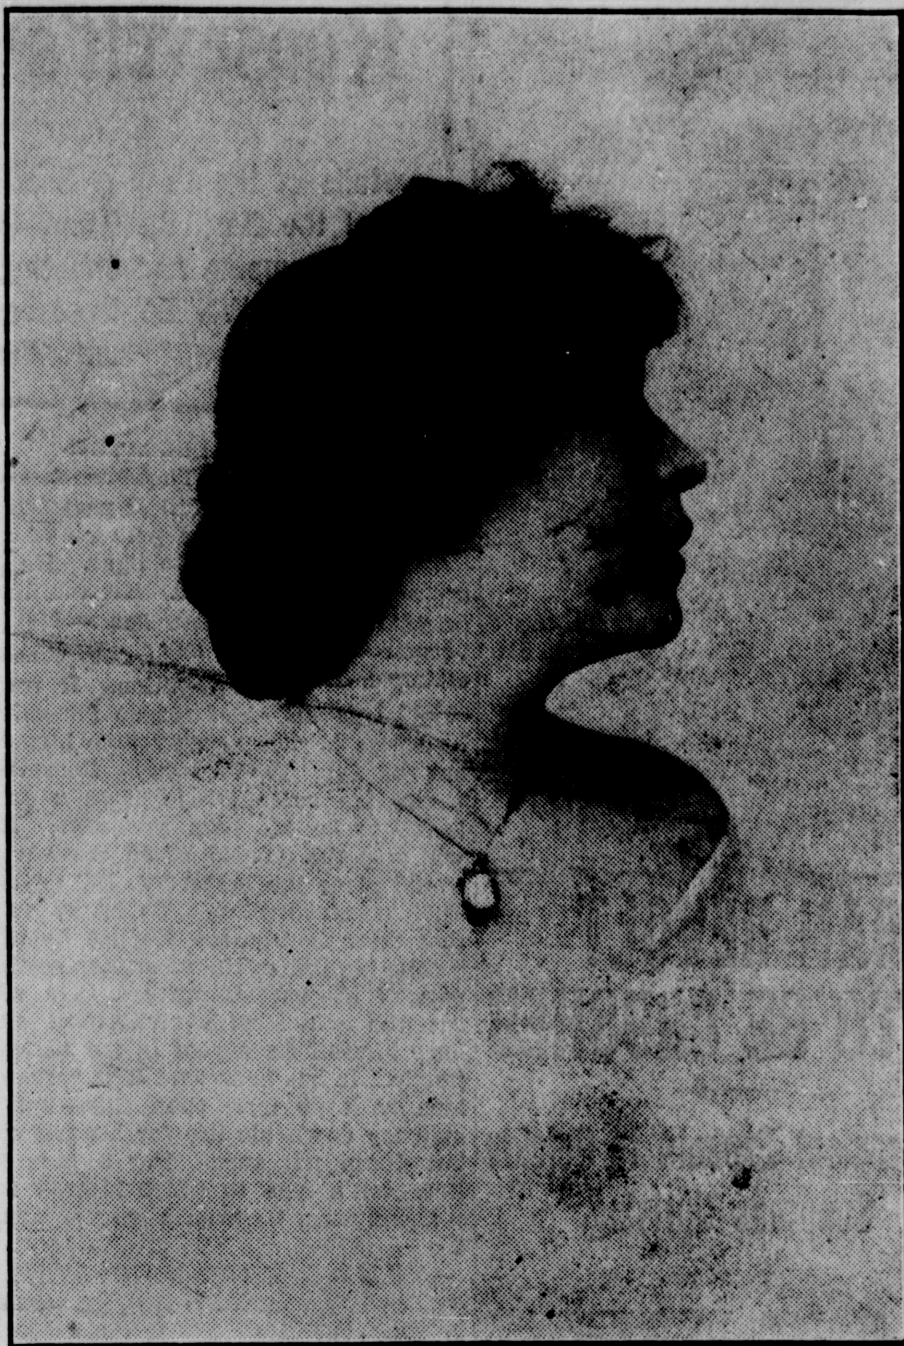

Don't drug the Stomach, or stimulate the Heart or Kidneys. That is wrong. It is the weak nerves that are crying out for help. Vitalize these weak inside controlling nerves with Dr. Shoop's restorative and see how quickly good health will come to you again. Test it and see! Sold by H. P. Dunn.

Wounds Were Self-Inflicted.

Monticello, N. Y., March 16.—Bernard Solomon, who was found dying of a dozen knife wounds in his burning house and who told the police that he had been attacked by a neighbor named Berkawitz, confessed to the district attorney that his wounds were self-inflicted. His motive for blaming his neighbor was not disclosed.

Two Killed by Explosion.

Gardiner, Me., March 16.—Two men were killed and a third was seriously injured by the explosion of the boiler of the Rich Ice house of the American Ice company at Farmingdale. The dead are Ralph Fridley, engineer, and N. L. Hutchinson, saw sharpener. Charles E. Murphy had both legs broken.

Miss Mathis as "Peggy" in "BREWSTER'S MILLIONS"

The Lurid Glow of Doom

was seen in the red face, hands and body of the little son of H. M. Adams, of Henrietta, Pa. His awful plight from eczema had, for five years, defied all remedies and baffled the best doctors, who said the poisoned blood had affected his lungs and nothing could save him. "But," writes his mother, "seven bottles of Electric Bitters completely cured him." For Eruptions, Eczema, Salt Rheum, Sores and all blood disorders and rheumatism Electric Bitters is supreme. Only 50c. Guaranteed by H. P. Dunn.

Milk From Diseased Cow Fatal.

Ghent, O., March 18.—From drinking milk from a diseased cow Mabel Baxter, aged eleven, and her sister Edith, aged nine, are dead and Clara, aged eight, and May, aged five, brother and sister, are dying.

Wage Reduction Announced.

Johnstown, Pa., March 18.—The Cambria Steel company, which, when in full activity, employs 18,000 men, has announced a 10 per cent reduction in wages to take effect April 1.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price, 75c. per bottle. Take Hall's Family Pills for constipation.

Strong Earthquake Shock.

Reggio, March 18.—A strong earthquake shock was felt here. It was especially severe at Pellaro and other small villages along the coast, causing great alarm among the people. The shock seems to have been accompanied by a particular high tide, as both here and on the coast near Brindisi small boats were carried high and dry upon the land and wrecked. There were no casualties.

H. P. Dunn's Unusual Offer

"It isn't often that we have failed enough in the medicine put up by other people to be willing to offer to refund the money if it does not cure," said H. P. Dunn to a Dispatch reporter who dropped into the store, "but we are glad to sell Dr. Howard's specific for the cure of constipation and dyspepsia on that basis."

"The Dr. Howard Company, in order to get a quick introductory sale, authorizes us to sell their regular fifty cent bottles at half-price, 25 cents, and, although we have sold a lot of it, and have guaranteed every package, not one has been brought back as unsatisfactory."

There are sixty doses in a vial that can be carried in the vest pocket or purse, and every one has more medicinal power than a big pill or tablet or a tumbler of mineral water.

"We are still selling the specific at half-price, although we cannot tell how long we shall be able to do so, and anyone who is subject to constipation, sick head-ache, dizziness, liver trouble, indigestion or a general played-out condition, ought to take advantage of this chance."

HUMAN STAKE IN CRAP GAME

Lucky Waiter Won New Yorker Who Gave Big Tips in Southern Hotel.

Comptroller Herman Metz of New York recently had the rare distinction of being the stake in a crap game. He returned from the south a few days ago. At the hotel he stopped at in Savannah he followed his Waldorf train and gave the negro waiter a fifty cent tip at breakfast, a fifty cent tip and a fifty cent tip at dinner. Generally stirred up a sensation next morning a new waiter took him. "I'm going to wait on you right along, boss," said the negro. "I hope you won't be mad, boss, but we shot craps for you last night, and I won."

DR. A. W. CHASE'S CATARRH POWDER 25c. Is sent direct to the diseased parts by the Improved Blower. Heals the ulcers, clears the air passages, stops droppings in the throat and permanently cures Catarrh and Hay Fever. No harmful drugs. 25c. blower free; all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

H. P. DUNN, Druggist.

What Constitutes
Good Job Printing?

The chances are that you have asked yourself the above question many times and maybe you have not had it answered fully to your own satisfaction.

Good Job Printing, according to the best authorities, requires taste, type and skill, combined to produce a piece of work which is both pleasing to the eye and gives due prominence to the articles or occupation to be advertised.

This class of work THE DISPATCH force bends every effort to produce and if you have anything in mind in any line of printing, phone us and you will get the full benefit of our mechanical department.

NO FURTHER ACTION LIKELY

Coroner's Jury Exonerates John Armstrong Chaloner.

Charlottesville, Va., March 18.—No further investigation into the tragedy which occurred Monday evening at "Merry Mills," resulting in the death of John Gillard, is contemplated by the authorities. The coroner's verdict completely exonerates John Armstrong Chaloner, who was scuffling with Gillard in defense of the latter's wife when the fatal shot was accidentally fired, was filed and Commonwealth's Attorney Woods said that there was no probability of any further action being taken.

Gillard's funeral took place at Cobham at Grace Episcopal church, of which Chaloner was a member. The burial service was conducted by Fred K. Page, who was a member of the coroner's jury, as the church is now without a rector. Neither Chaloner, the victim's children, nor Mrs. Gillard attended the funeral, the latter being unable to do so on account of the injuries she received at the hands of her husband.

Though he was not present himself, Chaloner paid all the funeral expenses and his team bore the body to the church. The interment was witnessed by only a handful of people.

A Sure Cure for P

Mr. F. S. Randall of No. 20 East 1st St., New York, writes that Bloodine Ointment, proven efficacious in a stubborn case of Piles. Rectal fissures where everything else has failed. Bloodine Ointment is sold on a positive guarantee to cure Piles or money back.

Bloodine Ointment.

is the most healing salve in the world. It will positively cure cuts, burns, old sores, eczema, tetter, salt rheum and all skin diseases.

Found at Last

a cure for Eczema. Mrs. Charles Blanchard of Philadelphia, Pa., writes that she had suffered for many years with this terrible disease and had tried every remedy after remedy for it, but could not find a cure, until she was advised to try Bloodine Ointment, and to her great surprise one box healed up nearly all of the old sores, and the second box completely cured her. 50c. a box by mail.

Bloodine Liver Pills cure Constipation. 25c. a box.

New World's Record.

Southboro, Mass., March 18.—A new world's record in the running high kick was made at the second day of the athletic meet at St. Mark's school here by Harold Beebe of Malden. Beebe did 9 feet 8 1/2 inches. The previous record was 9 feet 8 inches, held by C. C. Lee of New Haven, Conn., made in 1887.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of The Eclectic Medical Review says of Unicorn root (Hemionis dioica) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator... makes for normal activity of the entire reproductive system. It contains 'a' in Helonias we have a medicament which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhoea; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhoea (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and aemic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medical properties of which it most faithfully represents.

Of Golden Seal root, another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the womb. In all catarrhal conditions and general enfeeblement, it is useful."

Prof. John M. Scudder, M. D., late of Cincinnati, says of Golden Seal root: "In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

Prof. R. Bartholow, M. D., of Jefferson Medical College, says of Golden Seal: "Valuable in uterine hemorrhage, menorrhagia (flooding) and consecutive dysmenorrhoea (painful menstruation)."

Dr. Pierce's Favorite Prescription faithfully represents all the above named ingredients and cures the diseases for which they are recommended.

Roosevelt's African Hunt

Details of the Former President's Expedition Into the Wilds of the Dark Continent—Conspicuous Features of His Camping and Shooting Outfit—Dangers That He Will Be Exposed to Through Fevers and Wild Animals.

By JAMES A. EDGERTON.

THE career of Theodore Roosevelt has been full of paradoxes, but the greatest paradox of all has now come to light. He is trying to efface himself. He, the high priest of self assertion, has suddenly become the world's most conspicuous example of self effacement. It transpires that his chief reason for going to Africa is that he may take himself out of Mr. Taft's way. Roosevelt wants his successor to have a free hand, to be his own president. He will stop the mouths of all those who would place the brand "T. R." on the Taft administration. To make sure that their mouths are stopped he will betake himself to the most inaccessible part of the earth's surface. He will cut the wires with civilization and bury himself for a year in the African jungle. It has been said that "greater love hath no man than this—that a man lay down his life for his friend," but I am not sure. For a man of Roosevelt's type to efface himself for a friend must be even a greater sacrifice.

If this was really the determining motive in the African trip, as friends of Roosevelt assert, it is the greatest thing he ever did. And for the truth of it we have not only their word, but corroborative evidence. Indeed, the re-

SLEEPING TENT TO BE USED BY MR. ROOSEVELT AND HIS SON KERMIT, SHOWING THE COLLAPSIBLE BATHTUB.

fusal to run for a third term was a proof in itself. So was the tactful and considerate act of letting Taft ride back to the White House alone. Not without bearing, too, is Mr. Roosevelt's firm stand that he will not be interviewed or allow his picture in the papers. The further fact that no newspaper correspondent will be permitted to accompany him to Africa and his declared purpose that when he visits Europe at the end of the African trip it will be quietly and without ostentation are actions in kind. Is this a new Roosevelt or only a new view of the old Roosevelt? At any rate, it is so novel and welcome that I for one have not yet recovered from the wonder of it.

Will He Come Back Alive?

Professor Frederick Starr of the Chicago university, himself an African traveler of some note, has been reported as saying that Roosevelt will never return from the dark continent alive—not that the beasts will get him, but the fevers. Ex-Senator Thomas C. Platt, who admits that he made Roosevelt governor and vice president, says the same thing, and, while Platt is not an authority on Africa, he should be an expert on death—at least of the political variety. On the other hand, Carl Akely, the taxidermist of the Field museum, who has been over practically the same ground that Roosevelt will traverse, says the ex-president will be as safe in Africa as he would be in Oyster Bay and safer than in Chicago. Where doctors thus disagree I suppose the rest of us are entitled to form our own conclusions. At any rate, I am going to form mine, and here it is: Neither Professor Starr nor Senator Platt nor all the pessimists combined can kill off Theodore Roosevelt in Africa. In spite of fevers, mosquitoes, tsetse flies, sleeping sickness and beasts of the jungle, he will come forth unscathed. Has he not braved Hartman and the animals of Wall street? Has Africa any terrors for him after that? Not any. Has he not agreed to lecture at Berlin in German, Paris in French, Oxford in

Theodore Roosevelt—and the result will be some semblance of what the thing will be in itself.

Everything Collapsible.

The guide to the Roosevelt party will be the English naturalist and African hunter R. J. Cunningham, who has been over the ground where the hunt will take place. Mr. Selous and Cunningham have been buying the outfit for the expedition and shipping it to the front. Practically all of it has been purchased in England, but our American tentmakers can hardly object, as they are not in the habit of outfitting African hunt parties. Besides, this stuff will not have to pay a tariff. It consists of the most up to date material and will furnish Mr. Roosevelt the nearest thing to a traveling palace that is possible under the circumstances. He will have most of the luxuries of civilization, including a bathtub. Everything is collapsible except the guns. They make other things collapse.

So advanced has this art of compact packing grown that soon one can carry the materials for a house in his pocket. Roosevelt will have collapsible buckets, collapsible spades, collapsible water coolers, collapsible filter pumps, collapsible tables and chairs, a collapsible mirror, a walking stick that can be expanded into a stool and even a bathtub that can be folded like the proverbial "tents of the Arabs." As for the Roosevelt tents, they will be stowed away in bags like those for golf sticks. The native "boys" that accompany the expedition and pack the loads will be collapsible also and will disappear swiftly and miraculously whenever danger looms in sight.

The color of Mr. Roosevelt's tents will be green to be in harmony with the surrounding foliage. It is sometimes desirable not to attract too much attention. The African animals have a highly developed artistic taste and object to violent effects in the color scheme. A white tent is an offense to their eyes, and they are liable to do things to it. The rhinoceros is especially sensitive in this regard and will charge through a white tent in a most rude and ill bred fashion. Lumbering elephants, prowling lions and very long snakes are also most curious about white tents. It is advisable not only to hunt African game without a brass band, but to advertise the matter just as little as possible. This is one place where Joseph Pulitzer's "publicity, publicity, publicity," should be sternly repressed.

Guns, Guns and More Guns.

As for firearms, the Roosevelt outfit will carry along an arsenal sufficient to arm a South American revolution. It will look like carrying the war into Africa with a vengeance. There will be guns enough to shoot up the whole continent. There will be guns for big game and guns for little game, guns for elephants and guns ranging all the way down to those intended for wart hogs. Moreover, every man with the expedition, including even the native bearers, will know how to shoot. They will have to. Where it is a case of kill or be killed it is up to the human animal to "do it first."

Most of the hunting will be done in the region about Nairobi. In this section of Africa are more animals than there are trusts on Manhattan Island or lobbyists in Washington, and that is getting well along toward infinity. The tall grass is full of them. The hunter does not know what moment he will flush a covey of hippopotamuses, rout out a lion or scare up a grunting rhinoceros. On one hand he will run into a flock of elephants and on the other stir up an African leopard or a herd of bison. In the meantime he is liable to step on any kind of snake, from one four feet in length to a wriggling monster seemingly as long as the fabled sea serpent. In such an environment the hunter needs not only guns, but nerves; also, on occasion, legs. A hunter who cannot do a tall stunt at running is liable to be out of the game in short order. There are times when the only thing possible is to take to the tall timber. When the armored cruiser of the veldt, the rhinoceros, gets under full sail there is nothing to be done but run or climb. The beast is invulnerable to bullets except at two or three spots, and unfortunately none of these is exposed when he is making a head-on charge. A rhinoceros will charge anything from a locomotive to an elephant. And anything he charges he puts out of commission.

Roosevelt and Sleeping Sickness.

Another tough customer is the African buffalo. He is a treacherous brute, luring his pursuer into an ambush and then charging him before he can get out of the way. A wounded elephant is also a difficult proposition. He is hard to kill and fights to the last, his trumpeting calling up other elephants to join the chase. As for the lion, while exceedingly dangerous by night, he is not so formidable to hunt by day as several of the beasts already mentioned.

The Roosevelt hunt looks rather terrifying and hair raising at this distance. When the chief actor in it, however, reads the numerous predictions that he will never come out alive he only smiles in an amused way and goes on with his packing.

The greatest danger to life in Africa is from what is known as the sleeping sickness, and from his sizzling activity during the past seven years it is the last disease that will ever attack Theodore Roosevelt.

Harbinger of Baseball.

The pitcher now begs to announce he has a brand new curve, on which no better chap can pounce. And make it fenceward swerve. It has a kind of corker turn that must preclude a swipe. From which announcement we may learn the season's almost ripe. —Indianapolis News.

COOPER JURY IS STILL OUT

No Indications That an Agreement Will Be Reached.

Nashville, Tenn., March 18.—With the jury still out and with no indications that the twelve men are anywhere near an agreement, the opinion begins to prevail that a mistrial will be the termination of the famous case against Colonel D. B. Cooper, Robin J. Cooper and John Sharp for the slaying of former United States Senator E. W. Carmack.

Judge Hart's charge to the jury occupied nearly two hours. The type-written charge of sixty-two pages, about 400 words to the page, was handed to Juror S. J. Hyde, and according to custom in this county this makes him the foreman. The twelve deliberated quietly until they asked for luncheon. Immediately after the meal, they settled down to their task again. For a long time there came only the monotonous sound of someone reading—probably the charge. Later the twelve began to argue and at times their voices were raised in excitement. This continued all afternoon and evening, broken only by supper.

Judge Hart has declared his intention of holding the jury together for a week or two if necessary in order to get a verdict.

Attorney General McCann looks for a verdict.

Judge Anderson of the defense expected a verdict in thirty minutes or a mistrial. He would not discuss the delay.
